RE: Docket No. 6860; Update on Scientific Research Regarding EMF

Dear Mrs. Hudson:

As a condition of the Board's January 28, 2005 Order approving the Northwest Vermont Reliability Project, the Board required VELCO to monitor the state of scientific knowledge regarding health effects of EMF and to report to the Board on an annual basis the results of such monitoring. Order of 1/28/05 at 227.

On November 8, 2007, VELCO filed its 2007 Update on Scientific Research Regarding Potential Health Effects of Power-Line Electric and Magnetic Fields (EMF) with the Board in Docket No. 7373 as an exhibit to the prefiled testimony of Peter Alexis Valberg, Ph.D. However, attached is a copy of the 2007 report for the benefit of parties in this docket.

Thank you for your assistance in this matter. If you have any questions, please do not hesitate to call me.

Very truly yours,

Megan R. Ludwig
