MOTION TO ADMIT PRO HAC VICE

NOW COMES Bernard D. Lambek, Esq. and moves pursuant to Vermont Public Service Board Rule 2.201(C) for admission pro hac vice in this docket of Anthony M. Macleod, Esq. based on the following facts:

1. I am a member in good standing of the Bar of the State of Vermont. I am a principal with the firm of Zalinger Cameron & Lambek, P.C., local counsel for proposed Intervenor ISO New England Inc.
2. Anthony M. Macleod, Esq. is a principal in the firm of Whitman Breed Abbott & Morgan, LLC, 500 West Putnam Avenue, Greenwich, CT 06830-2250. Attorney Macleod is a member in good standing of the Bar of the State of Connecticut, and is also admitted to practice before the United States District Court for the District of Connecticut, the United States Court of Appeals for the Second Circuit, and the United States

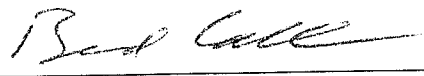

Motion to Admit
Docket No. 7373

Supreme Court. He has not been admitted to the Bar of the State of Vermont.

3. ISO New England Inc. has engaged the firm of Whitman Breed Abbott & Morgan to represent it in the above matter, based on that firm's and Attorney Macleod's expertise with respect to energy law and the issues involved in the above matter, in active association with undersigned counsel and Zalinger Cameron & Lambek, P.C., who will serve as local counsel in the matter.
4. Attorney Macleod will serve as lead counsel in this matter.

Dated at Montpelier, Vermont this 25th day of January, 2008.

PUBLIC SERVICE BOARD

Docket No. 7373

Joint Petition of Vermont Electric Power)
Company, Inc., Vermont Transco, LLC, and)
Central Vermont Public Service Corporation for a)
certificate of public good, pursuant to 30 V.S.A.)
Section 248, authorizing the construction of the)
Southern Loop Transmission Upgrade Project)

MOTION TO INTERVENE

NOW COMES ISO New England Inc. ("ISO") of One Sullivan Road, Holyoke, Massachusetts 01040, through its attorneys Zalinger Cameron & Lambek, P.C., and hereby requests pursuant to Board Rule 2.209 and V.R.C.P. 24 that the Vermont Public Service Board (the "Board") grant it intervenor status in the above-captioned proceeding. ISO seeks to intervene as a matter of right, or in the alternative seeks permissive intervention.

ISO is a private, non-profit corporation that serves as the independent system operator of New England bulk electricity supply and is responsible for the day-to-day reliable operation of the New England region's bulk electric generation and transmission system. ISO is charged by the Federal Energy Regulatory Commission ("FERC") to plan for and ensure a reliable bulk power system for New England. The proposed Southern Loop Project will have a significant impact on the reliability of the electric system in Vermont and elsewhere in New England. Therefore, ISO has substantial interests,

recognized in 30 V.S.A. § 248(b), that may be adversely affected by the outcome of this proceeding. Further, the proceeding affords the exclusive means by which ISO can protect these interests, especially on a regional basis, which are not otherwise adequately represented by existing parties. ISO's participation will not unduly delay the proceeding or prejudice the interests of existing parties or of the public.

Accordingly, ISO submits that it qualifies for intervention in this proceeding as a matter of right, see Board Rule 2.209(A)(3), and a fortiori for permissive intervention, see 2.209(B).

ISO requests intervenor status in this docket in order to monitor the proceedings by receiving filings and notices from the Board, the applicant and other parties and intervenors. ISO also plans to participate in the proceeding by filing written testimony, presenting expert witnesses and by cross-examining witnesses. ISO believes that its unique expertise in the area of electric generation, transmission, system reliability, and bulk power system planning and operation will assist the Board in resolving issues in this docket and will not impair the orderly conduct of the proceedings.

ISO requests that, in addition to the undersigned, ISO be included on the service list for this docket as follows:
