Re: Doc. No. 7453; Joint Petition of Vermont Electric Power Company, Inc., (VELCO) Vermont Transco LLC, Green Mountain Power Corporation (GMP) and Vermont Electric Cooperative, Inc. (VEC) for a Certificate of Public Good pursuant to 30 V.S.A. § 248 authorizing them to upgrade VELCO's Tafts Corners substation in Williston, Vermont and to remove VEC's existing substation

Dear Mrs. Hudson:

At the site visit held on October 15, 2008, the Hearing Officer suggested that the Petitioners should provide information regarding an alternative design proposed by the Hearing Officer and other issues related to the proposed project. The Hearing Officer also requested that the discovery responses that VELCO filed on September 23, 2008, from Ernie Hiatt be resubmitted in supplemental testimony format.

Enclosed are an original and six copies of: (1) Supplemental Prefiled Testimony of Scott Mallory, Harry Abendroth, and Terry Cecchini responding to the Hearing Officer's inquiries; (2) Supplemental Prefiled Testimony of Harry Abendroth responding to the Hearing Officer's questions regarding removal of VEC's existing substation; and (3) Supplemental Prefiled Testimony of Ernie Hiatt.

Thank you in advance for your consideration. Please be sure to contact me if you have any questions.

Sincerely,

Joslyn Wilschek
